BACKGROUND

In May, 1971 the Guyana National Co-operative Bank (G.N.C.B) established a Trust Department to carry out the various Trust Services which was incorporated as the GNCB Trust Company Limited on the 28th December, 1971, a wholly owned subsidiary of the G.N.C.B., with its own Board of Directors.

On the 3rd February, 1977 the GNCB Trust Company Limited was reconstituted and established as the GNCB Trust Corporation.

On the 6th January, 1999 the GNCB Trust Corporation was incorporated under the Companies Act of Guyana into a public company limited by shares, by order #24/1998 and known as the GNCB Trust Corporation Inc.

On the 20th November, 2002, the Hand-in-Hand Mutual Fire Insurance Company Limited acquired ninety percent (90%) of the shares of the GNCB Trust Corporation Inc. and the Government of Guyana retained the remaining ten percent (10%) through its holding company, National Industrial and Commercial Investments Limited.

On the 14th March, 2003, the Hand-in-Hand Mutual Life Assurance Company Limited and the Guyana Cooperative Insurance Services Inc. (G.C.I.S.) acquired three hundred and seventy-five thousand (375,000) and two hundred and fifty thousand (250,000) shares respectively from the Hand-in-Hand Mutual Fire Insurance Company Limited.

On the 29th October, 2004, the Hand-in-Hand Trust Corporation Inc. was converted to a private company in accordance with the Companies Act 89:01 (1991).

On the 26th February 2009, the authorized share capital was increased by 5,000,000 to 7,500,000 shares.

Background cont'd.

The share issue as at December 31st 202 is:

| | | | |
|----|--|---|-------------------------|
| 1) | Hand-in-Hand Mutual Fire Insurance Company Limited | - | 5,375,000 |
| 2) | Hand-in-Hand Mutual Life Assurance Company Limited | - | 1,125,000 |
| 3) | G.C.I.S. Incorporated | - | 750,000 |
| 4) | National Industrial and Commercial Investments Limited | - | <u>250,000</u> |
| | TOTAL SHARE-HOLDING | | <u>7,500,000</u> |

MISSION STATEMENT

Generally - To complement the services provided by other institutions the sum of which is the improvement of the quality of life of the people of our Country.

Specifically

1. To provide the highest level of financial services in a friendly and professional manner
2. To encourage Credit facilities with emphasis on Commercial Loans and other financial services such as Savings & Investments, Share Brokerage, Property Management, Cambio Services, Pension Plan Trusteeship and Safe Deposit Boxes

As a member of the HAND-IN-HAND GROUP of COMPANIES we are committed to providing quality financial services and sound financial management in order to maintain earnings for our continued growth and to provide our employees with a challenging and rewarding career.

Report on Behalf of the Board of Directors-2021

We have great pleasure in presenting the Annual Report and Financial Performance of the Hand-in-Hand Trust Corporation Inc. for the year ended December 31, 2021.

Global Economy

The global economy grew by 5.5 percent as the easing of pandemic restrictions helped to boost economic activities.

Unemployment rates have been lower than those in 2020 but remained above pre-pandemic levels although some sectors continue to face labour shortage

Guyana Economy 2021

The Guyanese economy registered real oil and non-oil Gross Domestic Product GDP growth of 19.9 percent and 4.6 percent respectively, despite the devastating mid-year floods that affected the agriculture sector and the gold industry.

Growth was recorded in the mining & quarrying, construction, services and manufacturing sectors. Continued growth is also expected in the construction activities as well as increased wholesale & retail trade & repairs sector.

Inflation

The inflation rate measured by the Urban Consumer Price Index (CPI) was 5.7 percent at the end of December 2021, mainly driven by increases in the prices of food and fuel due to the floods and higher global shipping and freight costs.

Financial Sector

The Licensed Financial Institutions' (LDFI's) capital levels continued to be high while Non-performing Loans (NPLs) decreased at the end- 2021.

The Capital Adequacy Ratio (CAR) remained well above the prudential benchmark of 8.0 percent at 31.8 percent.

The stock of non-performing loans improved to 8.0 percent of total loans. The Licensed Financial Institutions' (LDFI's) ratio of reserve against Non-performing Loans (NPLs) moved to 46.5 percent at end-December 2021 as a result of a 5.1 percent expansion in reserve for loan losses along with the 16.6 percent decrease in Non-performing Loans (NPLs).

Outlook for 2022 Global Economy

In 2022, global growth is expected to decelerate markedly from 5.5 percent in 2021 to 4.1 percent in 2022 and 3.2 percent in 2023 as pent-up demand dissipates and as fiscal and monetary support is unwound across the world.

According to the World Bank Group, growth in advanced economies is expected to decline from 5 percent in 2021 to 3.8 percent in 2022 and 2.3 percent in 2023—a pace that will be sufficient to restore output and investment to their pre-pandemic trend in those economies.

In emerging and developing economies, however, growth is expected to drop from 6.3 percent in 2021 to 4.6 percent in 2022 and 4.4 percent in 2023.

The Caribbean region is estimated to grow by 11 percent.

Supply chain constraints, labour shortage and inflation are all expected to be eased in 2022.

Outlook for 2022 Guyana Economy

The Guyanese economy is projected to record real oil GDP growth of 47.5 percent on account of higher output of oil and the second floating production storage and offloading (FPSO) vessel begins operation, as per the Bank of Guyana 2021 Annual Report.

The growth in the non -oil economy is estimated to be 7.7 percent for the year as the rice growing and gold mining sectors rebound.

Inflation

However, downside risks to this outlook may stem from COVID-19 related issues. Notwithstanding, the end of year inflation rate is expected to be 4.1 percent due to increased economic activities as the economy continues to expand.

Performance of the Corporation

The year 2021 was a very successful one for the Corporation in spite of the many challenges from both local and international regulatory bodies and the continuation of the COVID-19 pandemic.

Notwithstanding, the Corporation consistently applied its recovery programme and continued with its prudent marketing of loans.

The Trust had adopted the requirements of IFRS 9 'Financial Instruments' from 1 January 2018 and continued to adhere to the requirements of making loan loss allowances under IFRS 9.

We also continued to confirm with the Financial Institution Act 1995 (FIA 1995) and Bank of Guyana Supervisory Guidelines.

Our Total Equity increased by \$400.5M compared with \$209.4M in 2020 (to G\$2.381B from G\$1.980B in 2020), as a result of net profit earned and other reserves for the year.

We continued to pursue measures to ensure that our Capital Adequacy Ratios remain at acceptable levels and in compliance with the Financial Institutions Act.

We are happy to report that our Tier I and Tier II Capital Adequacy ratios were both 29.38%, at the end of the year under review.

Our Compliance Department in conjunction with the Internal Audit Department continued to ensure accountability and adherence to best practices in Corporate Governance.

The Board of Directors and its sub-committees continued to provide necessary guidance through the discharge of their responsibilities.

Below is an analysis of our performance for the year ended December 31, 2021.

Recoveries/Delinquent Loans

We are happy to report that our Recovery Unit continued to resolutely pursue all written off accounts and delinquent loans.

Savings

Our depositors maintained their valued relationship with the Corporation.

Fixed and Term Deposits were G\$6.953B whilst Savings Investments Scheme (SIS) were G\$1.713B. Total Deposits stood at G\$8.666B at the end of 2021, compared with G\$8.405B at the end of 2020, an increase of \$261.0 million or 3.1%.

Mortgage Financing and Other Investments

All other forms of investment contributed significantly to our income generation.

The under mentioned investments were held as at the 31st December 2021:-

| | | |
|---------------------------|---|---------------|
| Mortgages/Loans | - | G\$7,393.6 M |
| Bonds & Other Investments | - | G\$1,963.2 M |
| | | ----- |
| Total Investments | | G\$ 9,356.8 M |
| | | ----- |

Total Assets

The total assets of the Institution increased from \$10,539.0 million in 2020 to \$11,322.1 million in 2021, an increase of \$783.1 million or 7.43%.

General Reserves

The Trust Corporation's Retained Earnings increased from \$723.1 million in 2020, to \$1,041.6 million in 2021, an increase of \$318.5 million or 44.04%.

At the end of the period, the Statutory Reserve Fund and Other Reserves were \$589.2 million compared with \$507.3 million in 2020, an increase of \$81.9 million or 16.1%.

Interest Payments – Fixed Deposits and Special Investment Pass Book Scheme

Our interest payments increased marginally by \$1.3 million or 0.73% over 2020 as a result of higher average level of deposits held.

Provision for Losses

We are in full compliance with the provisioning requirements of the Financial Institutions Act 1995 and the Bank of Guyana Guidelines and the requirements of making loan loss allowances under IFRS 9.

Net Income before Tax

The Corporation's Net Income before tax was \$432.0 million.

Equity & Net Income after Tax

The Institution Total Equity increased by \$400.5M compared with \$209.4M in 2020 (to G\$2.381B from G\$1.980B in 2020). This increase comprised of Net Profit after tax of \$374.7 million and other reserves of \$25.8 million.

Financial Performance

The Return on Assets was 3.82% (1.14% - 2020), with Return on Equity of 18.18% (6.04% - 2020), whilst earnings per share were \$49.96 (\$14.18 - 2020).

Staff

Several training programmes were provided for all members of staff both internally and externally. Internal training included Customers Service, Management of Non-performing Loans and Standard Implementation of International Financial Reporting.

External training included AML/CFT, Enhancing Management Capacity in Knowledge and Skills.

We sincerely commend our staff for their commitment and dedication. Their contribution is invaluable.

CUSTOMERS

We wish to express our sincerest gratitude to our customers for their continued support. We provided a safer physical environment for their comfort and security.

CONCLUSION

The challenges will be met with a determination and commitment provided by a team determined to succeed. We will continue to enhance our human resources where necessary. Our management team believes in teamwork and the Board of Directors will continue to provide guidance as required.

Be assured that we shall continue the pursuance of initiatives to enhance the viability of the Hand-in-Hand Trust Corporation Inc. for its continuation as a dynamic financial intermediary.

**INDEPENDENT AUDITOR'S REPORT
TO THE SHAREHOLDERS OF
HAND-IN-HAND TRUST CORPORATION INC.**

MSC 011/2022

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of The Hand-In-Hand Trust Corporation Inc. which comprise the Statement of Financial Position as at 31 December 2021, the Statement of Profit or Loss and Other Comprehensive Income and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies as set out in pages 12 to 46.

In our opinion, the accompanying financial statements give a true and fair view, in all material respects of the financial position of the Hand-In-Hand Trust Corporation Inc. as at December 31, 2021, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs), as amended, the Financial Institutions Act 1995, as amended, Companies Act 1991, the Anti-Money Laundering/Countering Financial Terrorism 2009 & Regulation 2010, Deposit Insurance Act No. 15 of 2018, Credit Reporting Act No. 9 of 2010 and Credit Reporting Act No. 2 of 2016.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Hand-in-Hand Trust Corporation Inc. in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants together with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the International Ethics Standards Board for Accountants' Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. The key audit matters noted hereunder were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

| Key Audit Matters | How our audit procedures addressed the key audit matter |
|--|--|
| <p><i>Implementation of IFRS 9 'Financial Instruments' Refer to note 2.2 (a) i. & 2.2 (b) to the financial statements for disclosures of related accounting policies and balances.</i></p> | |
| <p>The Trust adopted the accounting standard IFRS 9 'Financial instruments' during the financial year. The standard introduces new requirements around two (2) main aspects of how financial instruments are treated – measurement and classification and impairment.</p> <p>IFRS 9 introduces a new classification and measurement approach for financial assets that reflects the business model in which the financial assets are managed and the underlying cash flow characteristics. IFRS 9 contains three (3) principal classification categories for financial assets:</p> <ul style="list-style-type: none"> - Measured at amortised cost, - Fair value through other comprehensive income (FVOCI); and - Fair value through profit and loss (FVPL). <p>IFRS 9 introduces new impairment rules which prescribe a new forward looking expected credit loss ('ECL') impairment model which takes into account reasonable and supportable forward looking information which will generally result in the earlier recognition of impairment provisions.</p> <p>We have focused on this area, because there are a number of significant judgments which management will need to determine as a result of the requirements in measuring ECL's under IFRS 9:</p> <ul style="list-style-type: none"> - Determining the criteria for a significant increase in credit risk; - Techniques used to determine probability of default (PDs) and loss given default (LGD); and - Factoring in possible future economic scenarios. | <p>With respect to the measurement and classification of the financial assets and liabilities, we read the relevant accounting policies adopted by the Trust and compared them to the requirements of IFRS 9.</p> <p>We obtained an understanding of the Trust's business model assessment and for a sample of instruments verified solely the inputs into payments of principal and interest test performed by the client with original contracts.</p> <p>We tested the opening equity adjustments in relation to the adoption of the new standard's classification and measurement requirements.</p> <p>With respect to the ECL model, our audit approach was as follows:</p> <ul style="list-style-type: none"> - We obtained the Trust's impairment provisioning policies and compared them to the requirements of IFRS 9; - We tested the ratings used in the ECL model for a sample of instruments. For investment, the Trust made comparison to publically available data. For loans, source documents used in the Trust's rating process were verified; - For a sample of instruments, we tested whether the significant increase in credit risk and default definitions were appropriately applied and the resulting impact of this on the staging of the instruments; |

| Key Audit Matters | How our audit procedures addressed the key audit matter |
|--|---|
| <p><i>Implementation of IFRS 9 'Financial Instruments'</i> Refer to note 2.2 (a) i. & 2.2 (b) to the financial statements for disclosures of related accounting policies and balances. (continued)</p> <p>These judgments have required new models to be built and implemented to measure the expected credit losses on loans and investments. Management engaged a credit modeler expert to assist in the more complex aspects of the expected credit loss model.</p> <p>There is a large increase in the data inputs of these models which increases the risk that the data used to develop assumptions and operate the model is not complete or accurate.</p> <p>The impact on net assets from the implementation of the measurement and classification aspects of the standard was not material.</p> | <p>- We tested the loss given default in the ECL calculation for a sample of instruments.</p> <p>- We tested the completeness of the amounts assessed for impairment on Financial Assets.</p> |
| <p>Impairment Provision for Loans and Mortgages</p> <p>Loans and mortgages amounting to \$7.4B (after impairment provision) represent sixty-five (65) percent of the total assets of the Trust as shown in the Statement of Financial Position (page 6).</p> <p>The methodologies required by IFRS 9 and Bank of Guyana in respect of impairment provisions involve significant judgment by management on matters such as:</p> <ul style="list-style-type: none"> • Loan classification as impaired; • Valuation and realization of collaterals pledged; • Amount and timing of cash flows; and • Forward looking expected credit losses (ECLs) impairment model as required by IFRS 9 as described above. | <p>Our procedures in relation to this key audit matter included, but were not limited to, the following:</p> <ul style="list-style-type: none"> • We evaluated and tested the Trust's process and documented policy for mortgage loss provisioning; • For loan loss provisions calculated on an individual basis, we tested the factors underlying the impairment identification and quantification including forecasts of future cash flows, valuation of underlying collateral and estimates of recovery on default; • We also tested the aging of the loan portfolios and considered the completeness of the loan book assessed for impairment in conformity with the Bank of Guyana Supervision Guideline 5; |

| Key Audit Matters | How our audit procedures addressed the key audit matter |
|---|--|
| <p>With a high degree of significant judgment involved in assessing the mortgage impairment provision and in conformity with Supervision Guideline 5 and IFRS 9, mortgage impairment was considered a key audit matter.</p> | <ul style="list-style-type: none"> • For mortgage loss provisions calculated on a collective basis, we reviewed management’s inherent risk provisions estimate, with a focus on the reasonableness of the factors applied and assumptions used, considering the economic changes in Guyana; and • Finally, we focused on the adequacy of the Trust’s financial statement disclosures regarding mortgage and the related provisions as required by IFRS 9 |
| <p>Regulatory Environment</p> <p>The Trust operates in a highly regulated environment and non-compliance with laws and regulations, particularly the Anti-Money Laundering and Countering the Financing of Terrorism (AML/CFT) Act could result in the Trust facing penalties and other administrative sanctions by Bank of Guyana and Financial Intelligence Unit (FIU).</p> <p>The Compliance Officer is responsible to establish various controls to ensure that the Trust is AML/CFT compliant with governing regulations.</p> | <p>Our procedures in relation to this key audit matter included, but were not limited to, the following:</p> <p>We evaluated and tested the Trust’s internal controls with Emphasis on compliance with AML/CFT policy. This include:</p> <ul style="list-style-type: none"> • A review of policies and procedures in place including approval of those policies by those charged with governance; • Adequate training and refresher programmes for new and existing bank personnel including those charged with governance; • Testing of transactions to ensure AML/CFT requirements are carried out by bank personnel; and • Reporting to Financial Intelligence Unit (FIU) are in conformity with the requirements of the AML/CFT Act. |

Responsibilities of Management and those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards, The Companies Act 1991, the Financial Institutions Act 1995, as amended, the Anti-Money Laundering/Countering Financial Terrorism 2009 & Regulation 2010, Deposit Insurance Act No. 15 of 2018, Credit Reporting Act No. 9 of 2010, Credit Reporting Act No. 2 of 2016 and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the Trust’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Trust or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Trust’s financial reporting process.

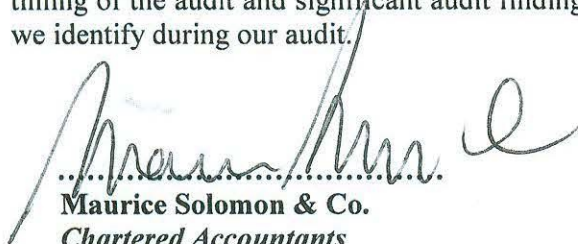

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Trust's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Trust to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO THE FINANCIAL STATEMENTS
31 DECEMBER 2021

1. COMPANY IDENTIFICATION

(a) Incorporation and Business Activities

In May 1971, the Guyana National Co-operative Bank (G.N.C.B) established a Trust Department to carry out various Trust Services which was incorporated as the GNCB Trust Company Limited on December 28, 1971, a wholly owned subsidiary of Guyana National Co-operative Bank (G.N.C.B)., with its own Board of Directors.

On February 3rd, 1977, the GNCB Trust Company was reconstituted and established as the GNCB Trust Corporation.

On the 6th January, 1999 the GNCB Trust Corporation was incorporated under the Companies Act of Guyana into a public company limited by shares, by order #24/1998 and known as the GNCB Trust Corporation Inc.

On the 20th November, 2002, the Hand-in-Hand Mutual Fire Insurance Company Limited acquired ninety percent (90%) of the shares of the GNCB Trust Corporation Inc. and the Government of Guyana retained the remaining ten percent (10%) through its holding company, National Industrial and Commercial Investments Limited.

On the 14th March, 2003, the Hand-in-Hand Mutual Life Assurance Company Limited and the Guyana Cooperative Insurance Services Inc. (G.C.I.S.) acquired three hundred and seventy-five thousand (375,000) and two hundred and fifty thousand (250,000) shares respectively from the Hand-in-Hand Mutual Fire Insurance Company Limited.

On the 29th October, 2004, the Hand-in-Hand Trust Corporation Inc. was converted to a private company in accordance with the Companies Act 89:01 (1991).

On the 26th February 2009, the authorized share capital was increased by 5,000,000 to 7,500,000 shares.

Its registered office is situated at 62-63 Middle Street, North Cummingsburg, Georgetown, Guyana.

The Trust is licensed as a Financial Institution under the provisions of the Financial Institutions Act, 1995, as amended.

These Financial Statements have been prepared under the historical cost convention as modified by the revaluation of properties and the business model test adopted by the Trust.

The Trust's accounting policies confirm with International Financial Reporting Standards (IFRSs), Companies Act 1991, Bank of Guyana Supervision Guidelines and Financial Institution Act 1995 as amended, the Anti-Money Laundering/Countering Financial Terrorism 2009 & Regulation 2010, Deposit Insurance Act No. 15 of 2018, Credit Reporting Act No. 9 of 2010 and Credit Reporting Act No. 2 of 2016.

2. BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

2.1 BASIS OF PREPARATION

(a) *Standards, amendments and interpretations that are not yet effective in current year and have not been adopted by the Trust.*

IFRS 3- Business Combinations: Amendments is in regards to update an outdated reference to the Conceptual Framework in IFRS 3 (effective on or after 1 January 2022)

IFRS 17 will replace IFRS 4 - Insurance Contracts (effective on or after 1 January 2023)

IAS 1-Presentation of Financial Statements; Amendments regarding the Classification of Liabilities as Current or Non-Current (effective on or after 1 January 2023)

IAS 8- Amendments regarding the definition of Definition of Accounting Estimates (effective on or after 1 January 2023)

IAS 16- Property Plant & Equipment; Amendments regarding Proceeds before Intended Use (effective on or after 1 January 2022)

IAS 37- Provisions, Contingent Liabilities & Contingent Assets; Amendments regarding Onerous Contracts — Cost of Fulfilling a Contract (effective on or after 1 January 2022)

IAS 41- Agriculture; Amendments The amendment removes the requirement in paragraph 22 of IAS 41 for entities to exclude taxation cash flows when measuring the fair value of a biological asset using a present value technique (effective on or after 1 January 2022)

(b) *The standards and amendments adopted and has material impact on the Trust's financial reporting.*

IFRS 7 - Transition disclosures; Amendments to IFRS 9 (effective upon the adoption of IFRS 9)

IFRS 9- Financial Instruments: Classification and measurement, impairment, general hedge accounting and derecognition (effective on or after 1 January 2018)

IFRS 15- Revenue from Contracts with customers (effective on or before 1 January 2018)

IAS 19 Amendment- Clarifies current service and net interest accounting (effective on or before 1 January 2019)

(c) *The standards and amendments that are effective in the current year and expected to have to no material impact on the Trust's financial reporting.*

IFRS 9 - Financial Instruments; Ammendments, Interest Rate Benchmark Reform (Effective on or after 1 January 2021)

IFRS 16- Leases: Ammendments, Covid-19-Related Rent Concessions beyond 30 June 2021 (effective on or after 1 April 2021)

HAND-IN-HAND TRUST CORPORATION INC.
(A Member of the Hand - In - Hand Group of Companies)
NOTES TO THE FINANCIAL STATEMENT
31 DECEMBER 2021

2.1 BASIS OF PREPARATION (Cont'd)

(d) Foreign Currency Transaction

Transactions in foreign currencies are recorded at the rate of exchange on the date of the transaction. Assets and liabilities denominated in foreign currencies are translated into Guyana dollars (G\$) at the rate of exchange at the statement of financial position date, except non-monetary assets and liabilities measured at historical cost, which are translated using the rate of exchange at the initial transaction date. Gains and losses arising from the settlement of and from the translation of monetary assets and liabilities denominated in foreign currencies are recognized in the Statement of Profit or Loss.

(e) Critical Accounting Estimates and Judgements

The preparation of financial information requires the use of estimates and judgements about future conditions. In view of the inherent uncertainties and the high level of subjectivity involved in the recognition or measurement of items, highlighted as the 'critical accounting estimates and judgements' in section 2.2, it is possible that the outcomes in the next financial year could differ from those on which management's estimates are based. This could result in materially different estimates and judgements from those reached by management for the purposes of these financial statements. Management's selection of Trust's accounting policies that contain critical estimates and judgements reflects the materiality of the items to which the policies are applied and the high degree of judgement and estimation uncertainty involved.

(f) Going Concern

The financial statements are prepared on a going concern basis, as the Directors are satisfied that the Trust have the resources to continue in business for the foreseeable future. In making this assessment, the Directors have considered a wide range of information relating to present and future conditions, including future projections of profitability, cash flows and capital resources.

(g) The Risk Reserve

The Risk Reserve is created as an appropriation to account for the difference between the requirements of IFRS 9 (ECLs) adopted by the Trust and the provisions as required under Bank of Guyana Supervision Guideline No.5; June 1996 and revised 2021.

The Trust have adopted the requirements of IFRS 9 and makes specific provisions on loans and advances. The provisions booked as at 31 December, 2021 amounted to \$82.08m from IFRS 9 report and an excess provision of \$126.1m was made under Bank Of Guyana Supervision Guideline No. 5.

The Risk Reserve as at 31 December, 2020 was \$227.9m. The increase of \$126.1m as shown in the Statement of Changes of Equity is the transfer to Risk Reserve of the excess provisioning.

HAND-IN-HAND TRUST CORPORATION INC.
(A Member of the Hand - In - Hand Group of Companies)
NOTES TO THE FINANCIAL STATEMENT
31 DECEMBER 2021

2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Investments

IFRS 9: Financial Instruments, Recognition and Measurement

- Initial Recognition of IFRS 9

The Trust adopted IFRS 9 and classifies its financial assets based on the business model under IFRS 9 which is effective on or after January 1, 2018.

The classification is dependent on the purpose for which the investments were acquired. The Trust classified investments into the following categories:

- Amortised Cost - Held to collect

- The trust classified and measures measures its investments at amortised cost under the IFRS 9 using specified conditions of the business model.

These investments are non-derivative financial assets with fixed and determinable payments and fixed maturities that management has the positive intent and ability to hold to maturity.

The carrying value of these financial assets at initial recognition includes any directly attributable transactions costs.

Financial assets are measured at amortised cost if both of the following conditions are met:

- the assets are held within a business model whose objective is to collect the contractual cash flows;
- and
- the contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest (referred to as “SPPI”) on the outstanding principal amount.

- Fair Value through the Profit and Loss - Held for trading

Equity investments held by the Trust are measured at fair value through the profit or loss.

HAND-IN-HAND TRUST CORPORATION INC.
(A Member of the Hand - In - Hand Group of Companies)
NOTES TO THE FINANCIAL STATEMENT
31 DECEMBER 2021

2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

(b) Impairment on Financial Assets

i. Initial Recognition and Adoption of IFRS 9

The Trust adopt the requirements of IFRS 9 which recognise a loss allowance on a forward-looking expected credit loss model using the general approach which is effective on or after the January 1, 2018.

At the date of initial application, the Trust uses reasonable and supportable information that is available without undue cost or effort to determine the credit risk at the date that the financial instrument was initially recognised for loan commitments and investments, compare that to the credit risk at the date of initial application of IFRS 9.

Under the general approach adopted by the Trust, IFRS 9 establishes a three (3) stage impairment model, based on whether there has been a significant increase in the credit risk of a financial asset since its initial recognition. These three (3) stages would determine the amount of impairment to be recognised as Expected Credit Losses (ECLs) at each reporting period as well as the amount of interest revenue to be recorded in future periods. ECLs are defined as the weighted average of credit losses, with the respective risks of a default occurring as the weights.

HAND-IN-HAND TRUST CORPORATION INC.
(A Member of the Hand - In - Hand Group of Companies)
NOTES TO THE FINANCIAL STATEMENTS
31 DECEMBER 2021

2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

(b) Impairment Losses on Financial Assets (Cont'd)

The stages under ECLs are as follows:-

Stage 1: Credit risk has not increased significantly since initial recognition – recognise 12 months ECL, and recognise interest on a gross basis.

Stage 2: Credit risk has increased significantly since initial recognition – recognise lifetime ECL, and recognise interest on a gross basis.

Stage 3: Impairment occurs when there is objective evidence that an impairment event has occurred at reporting date and a loss allowance equal to lifetime ECLs is recognised and present interest on net basis (i.e gross carrying amount less loss allowance).

For financial assets classified under Stage 3, the Trust directly reduces the gross carrying amount when there is no reasonable expectation of recovery, which required that a write-off constitutes a derecognition event and may relate to either the asset in its entirety or a portion of it.

12 months ECL under stage 1 is calculated by multiplying the probability of default occurring in the next 12 months by the lifetime ECL that would result from that default, regardless when those losses occur.

Lifetime expected credit losses, results from all possible default events over the life of the financial asset. Lifetime expected credit losses are calculated based on a weighted average of the expected credit losses, with weighings being based on the respective probabilities of default.

A loss allowance for lifetime expected credit losses is required for financial asset, if the credit risk on that asset has increased significantly since initial recognition. Additionally, the Trust elect an accounting policy of recognising lifetime expected credit losses for all contract assets, including those that contain a significant financing component.

ii. Calculation of Expected Credit Losses (ECLs)

The Trust has the necessary tools to ensure an adequate estimate and timely recognition of expected credit losses (ECLs).

Information on historical loss experiences or the impact of current conditions may not fully reflect the credit risk in lending exposures.

In that context, the Trust uses experienced credit judgment to thoroughly incorporate the expected impact of all reasonable and supportable forward-looking information, including macroeconomic factors, on its estimate for each stage of ECLs.

HAND-IN-HAND TRUST CORPORATION INC.
(A Member of the Hand - In - Hand Group of Companies)
NOTES TO THE FINANCIAL STATEMENTS
31 DECEMBER 2021

2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

(b) Impairment Losses on Financial Assets (Cont'd)

ii. Calculation of Expected Credit Losses (ECLs) (Cont'd)

The methodologies and key elements for assessing credit risk and measuring the level of allowances for ECL estimates are as follows:

Probability of Default (PD) is assigned to each risk measure and represents a percentage of the likelihood of default.

The calculation is for a specific time frame and measures the percentage of loans and investments that default. The PD is then assigned to the risk level, and each risk level has one PD percentage.

Loss Given Default (LGD) - measures the expected loss and is shown as a percentage of Exposure of Default (EAD). LGD represents the amount unrecovered by the lender after selling the underlying asset if a default was to occur on a loan and investment.

Exposure at Default (EAD) is seen as an estimation of the extent to which the Trust may be exposed to in the event and at the time of, the borrower's and investment's was to default.

The loan and investment repayments patterns and EAD value for each financial assets are then used to determine the overall default risk.

Stage 1 - 12-month Expected Credit Losses (ECLs) are recognised and interest revenue is calculated on the gross carrying amount of the asset (that is, without deduction for credit allowance).

12-month ECLs are the expected credit losses that result from default events that are possible within 12 months after the reporting date.

It is not the expected cash shortfalls over the 12-month period but the entire credit loss on an asset weighted by the probability that the loss will occur in the next 12 months.

Stage 2 - Lifetime ECL are recognised when the loan assets or investments that have had a significant increase in credit risk since initial recognition, but interest revenue is still calculated on the gross carrying amount of the asset.

Lifetime ECLs are the expected credit losses that result from all possible default events over the expected life of the financial instrument. Expected Credit Losses are the weighted average credit losses with the Probability of Default (PD) as the weight.

Stage 3 - Loan Assets have evidence of impairment at the reporting date. Lifetime ECL are recognised and interest revenue is calculated on the net carrying amount (that is, net of credit allowance).

Credit risk on a financial instrument has increased significantly, to consider reasonable and supportable information available, in order to compare the risk of a default occurring at the reporting date with the risk of a default occurring at initial recognition of the financial instrument.

HAND-IN-HAND TRUST CORPORATION INC.
(A Member of the Hand - In - Hand Group of Companies)
NOTES TO THE FINANCIAL STATEMENTS
31 DECEMBER 2021

2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

(c) Renegotiated Loans

Hand in Hand Trust Corporation Inc.'s policy in relation to renegotiated loans is in accordance with Financial Institutions Act 1995 as amended and Bank of Guyana Supervision Guideline 5.

Loans are renegotiated because of weakness in the borrower's financial position or the non servicing of debt as arranged or where it is determined that the loan can be renegotiated to remedy the specific difficulties faced by borrower.

(d) Interest Income and Expense

Interest income and expense for all financial instruments, excluding those classified as held for trading or designated at fair value, are recognised in 'Interest income' and 'Interest expense' in the income statement on an accrual basis except when collection is considered doubtful, or payment is outstanding for more than 90 days as per Bank of Guyana Supervision Guideline 5.

Fees and commission income are recognised as earned and dividends are generally recognised in the profit or loss.

(e) Property and Equipment

Other property and equipment are depreciated on the straight line basis at rates estimated to write off the assets over their expected useful lives. The estimated useful lives of assets are reviewed periodically, taking into account commercial and technological obsolescence as well as normal wear and tear. Depreciation rates are as follows:-

| | |
|--------------------------------|----------|
| Motor vehicles | 25% |
| Office furniture and equipment | 5% - 25% |

HAND-IN-HAND TRUST CORPORATION INC.
(A Member of the Hand - In - Hand Group of Companies)
NOTES TO THE FINANCIAL STATEMENTS
31 DECEMBER 2021

2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

(f) Taxation

Provision for deferred corporation tax is computed using the liability method, for all temporary differences arising between the tax bases of the assets and liabilities and their carry values for financial reporting purposes. The current enacted tax rate is used to determine deferred income tax.

The principal temporary differences arise from depreciation of property and equipment and tax losses carried forward. Deferred tax assets relating to the carry forward of unused tax losses are recognized to the extent that it is possible that future taxable profit will be available against which the unused tax losses can be utilized.

(g) Cash and Cash Equivalent

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalent comprise of cash-in-hand, balances with other banks and at the Bank of Guyana.

(h) Retirement Benefit Plan

The Company established a defined contribution Pension Plan for its employees in 2000. The assets of the Plan are held in a self-administered fund which is separate from the Company's assets.

During 2021 the corporation's contribution to the plan was G\$7,945,427 (2020- \$7,280,321).

The Fund balance was G\$208,246,022 as at December 31, 2021 (2020 - \$175,917,355).

The Company's contributions are charged to the Statement of Profit or Loss in the year to which they relate.

(i) Properties on Hand

These properties relate to mortgages that were foreclosed and purchased at public auction. Provision is made for diminution in value through the revenue account. These are stated at fair value.

NOTES TO THE FINANCIAL STATEMENTS
31 DECEMBER 2021

24. CONTINGENT MATTERS

(i) Litigation Matters

As at 31 December, 2021 there was no legal matter outstanding against the Trust. However, there were several legal matters brought by the Trust that is currently ongoing in the High Court.

(ii) APUA Investment

The Trust have an outstanding balance of US\$45,256.59 to be collect from Trustees (RBC Trust).

25. FINANCIAL RISK MANAGEMENT

(i) Foreign Exchange Risk

Foreign currency exposure arises from the Trust's holding of foreign denomination assets and liabilities. Management reviews and manages the risk of unfavourable exchange rate movement by constant monitoring of market trends.

To further mitigate against foreign exchange risk, the Trust maintains a large percentage of its foreign - denominated assets and liabilities in stable currencies.

The aggregate amount of assets and liabilities denominated in foreign currency are:

| | 2021 | 2020 |
|--|----------------------|----------------------|
| Assets | G\$ | G\$ |
| United States Dollars - \$8,196,239.69 (2020 - \$7,108,563) | <u>1,745,799,055</u> | <u>1,514,123,835</u> |

Foreign Currency sensitivity analysis

The following table details the Trust's sensitivity to a 1% decrease in the Guyana dollar against balances denominated in foreign currencies.

The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 1% change in foreign currency rates.

A positive number indicates an increase in profit where foreign currencies strengthens 1% against the G\$ and for a 1% weakening of the foreign currencies against G\$ there would be an equal and opposite impact on the profit and the balances would be negative.

| | | |
|---------------|-------------------|-------------------|
| Profit | <u>17,457,991</u> | <u>15,141,238</u> |
|---------------|-------------------|-------------------|

HAND-IN-HAND TRUST CORPORATION INC.
(A Member of the Hand - In - Hand Group of Companies)
NOTES TO THE FINANCIAL STATEMENTS
31 DECEMBER 2021

25. FINANCIAL RISK MANAGEMENT (CONT'D)

(ii) Interest Rate Risk

The Trust is exposed to certain risks associated with fluctuations in the prevailing levels of interest rates. These risks arise from movements in interest rates where the Trust's assets and liabilities have varying repricing dates.

The Trust's management continually manages these risks by constantly monitoring trends in the market and by implementing relevant strategies to hedge against any adverse movements.

(iii) Liquidity Risk

Liquidity risk is the risk that the Trust will be unable to honour cash outflow commitments as they fall due. These commitments are generally met through cash flows, supplemented by assets readily convertible to cash or through the Trust's capacity to borrow on the inter-bank market. The Trust has, for the financial year ended 31 December 2021, consistently exceeded the statutory requirements for liquid assets as set out by the Bank of Guyana.

(iv) Credit risk

The Trust takes on exposure to credit risks which is the risk that a counterparty will be unable to pay amounts in full when due. The Trust manages the level of credit risk it undertakes by planning limits on the amount of risk accepted in relation to one borrower, or group of borrowers and to industry segments.

The ability of borrowers to meet interest and capital repayments is managed by review of each borrower's circumstances, as stipulated in the Bank of Guyana Supervision Guidelines 5 & 6, Financial Institutions Act, 1995, Credit Reporting Act No. 9 of 2010 and Credit Reporting Act No. 2 of 2016. Credit risk is further restricted by securing adequate collateral.

Management of Loans

The granting of credit through loans and advances are one of the Trust's major source of income and entails significant risk.

The Trust therefore expends considerable resources towards controlling it effectively including a specialized credit department responsible for reviewing loan applications and monitoring loan facilities within policies and guidelines established by the Board of Directors.

25. FINANCIAL RISK MANAGEMENT (CONT'D)

(iv) Credit risk (Cont'd)

Management of Loans (Cont'd)

In executing its lending activities, the following measures are relied upon to mitigate the risk of default:

- (a)** Credit applications are initially reviewed by an officer of the Trust's Credit Department relating to the purpose of the loan, the applicant's financial standing and collateral offered as security, and ability to service the loan.
- (b)** The Trust usually requires collateral be lodged, and has established policies that guide its loan ceiling to a value based on the type of collateral lodged. During the review of the loan application, an independent valuation of collateral is obtained, where possible.
- (c)** Loans are generally collateralised with some of all of the following:
 - Cash
 - Mortgages
 - Bill of Sale
 - Promissory notes
 - Guarrantors
 - Assignment of salary or proceeds
 - Debentures
 - Assignment of Insurance Policies
- (d)** Any recommended loan applications are then subject to the approval from either senior management, credit committee and the Board of Directors, based on pre-set levels applicable.
- (e)** The Credit Department is required to carry out weekly and monthly reviews of any past due or impaired loans.
- (f)** Independent valuations of collateral lodged against loan facilities are carried out every three (3) years with at least one Manager's valuation within the three year period for all material credits with balances or authorized limits of \$50 million and over.
- (g)** Compliance with the 'single borrower' or 'group borrower's' limit are carried out as set out in the Financial Institution Act (1995) and other regulatory guidelines and the Trust's own prudential judgements.

25. Financial Risk Management (Cont'd)

(iv) Credit risk (Cont'd)

Credit quality per category of financial assets

Loans receivables

In assessing the credit quality of loans, the Trust adheres to the requirements set out by the Bank of Guyana Supervision Guidelines and Financial Institutions Act 1995. The following information is based on these requirements.

| | <u>2021</u> | <u>2020</u> |
|---------------------------|----------------------|----------------------|
| | G\$ | G\$ |
| Current | 5,584,758,948 | 4,830,241,750 |
| Pass due but not impaired | 1,252,659,498 | 1,340,860,897 |
| Impaired | 579,012,863 | 773,728,505 |
| | <u>7,416,431,309</u> | <u>6,944,831,152</u> |
| | | |
| Pass Due but not Impaired | 1,252,659,498 | 1,340,860,897 |
| Pass due more than 1 year | 265,622,460 | 402,261,293 |
| | <u>1,518,281,958</u> | <u>1,743,122,190</u> |

Renegotiated Loans.

The carrying amounts of all renegotiated loans aggregated to:

| | <u>2021</u> | <u>2020</u> |
|--------------------|-------------------|--------------------|
| | G\$ | G\$ |
| Renegotiated loans | <u>94,189,776</u> | <u>135,832,059</u> |

Renegotiations are usually considered upon request or where it is judged that a defaulting borrower will be better able to service outstanding debt under revised conditions.

The renegotiation were primarily refinancing of facilities or rescheduling of payments.

HAND-IN-HAND TRUST CORPORATION INC.
(A Member of the Hand - In - Hand Group of Companies)
NOTES TO THE FINANCIAL STATEMENTS
31 DECEMBER 2021

28. Capital Risk Management

The Trust manages its capital structure on an on-going basis. As part of this review, management consider the cost of capital and the risks associated with each class of capital.

The capital structure of the Trust consist of equity, comprising issued capital, reserves and retained earnings.

Capital Adequacy

The Trust also monitors its Capital Adequacy with reference to the risk based capital adequacy guidelines issued by the Bank of Guyana in keeping with the BASEL Convention. The guidelines evaluate Capital Adequacy based upon the perceived risk associated with balance sheet assets, as well as certain off balance sheet exposures, and stipulate a minimum ratio of qualifying capital (Tier 1 and Tier 11) to risk weighted assets of 8%.

Hand in Hand Trust Corporation Inc. remains well capitalised with the Trust's Tier 1 Capital Adequacy Ratio standing at 29.60% and 26.30% as at 31 December 2021 and 2020 respectively.

Total Tier 1 and Tier 11 Capital was of risk adjusted assets as at 31 December 2021, compared 29.60% to 26.30 % at the end of the previous year.

Gearing ratio

The gearing ratio at the year end was as follows:

| | 2021 | 2020 |
|--------------------------|----------------------|----------------------|
| Debt(i) | 8,665,760,773 | 8,405,058,099 |
| Cash and Cash Equivalent | (1,720,598,497) | (1,305,308,354) |
| Net Debt | <u>6,945,162,276</u> | <u>7,099,749,745</u> |
| Equity(ii) | <u>2,380,833,385</u> | <u>1,980,371,239</u> |
| Net debt to equity ratio | <u>2.92</u> | <u>3.59</u> |

(i) Debt is defined as long term and short term funds

(ii) Equity includes all capital and reserves of the Trust

NOTES TO THE FINANCIAL STATEMENTS
31 DECEMBER 2021

29. FAIR VALUE MEASUREMENTS

This note provides information about how the Corporation determines fair values of various financial assets and liabilities.

(a) Fair value of Corporation's financial assets and liabilities that are measured at fair value on a recurring basis:

| Financial Assets | Fair value as at 31.12.2021 | Fair value hierarchy | Valuation techniques and key inputs | Significant unobservable inputs | Relationship of unobservable inputs to fair value |
|-------------------------------|------------------------------------|-----------------------------|---|--|--|
| Loan Receivables | \$9,979,666,583 | Level - 2 | The fair value of the loan receivables was estimated using the discounted amount of the estimate of future cash flows expected to be received under the income approach. Expected cash flows are discounted at the current market rates to determine the fair values. | N/A | N/A |
| Investments - Corporate Bonds | \$43,053,864 | Level - 2 | The fair values have been estimated by applying discounted cash flows analysis, using current market rates. | N/A | N/A |
| Investments - Equity | \$100,000 | Level - 1 | The fair value of the equity investments are based on current market value. | N/A | N/A |
| Investments - Equity | \$1,176,828,204 | Level - 3 | The fair value of the equity investments are based on the exit price that will be received from market participants. | Management has intention to use the asset for strategic purpose and the exit price is still appropriate to fair value. | N/A |

HAND-IN-HAND TRUST CORPORATION INC.
(A Member of the Hand - In - Hand Group of Companies)
NOTES TO THE FINANCIAL STATEMENTS
31 DECEMBER 2021

29. FAIR VALUE MEASUREMENTS (Cont'd)

Except as detailed in the following table, the Directors consider that the carrying amounts of the financial assets and financial liabilities recognised in the financial statements approximate to their fair values.

- (b) Fair value of Corporation's financial assets and liabilities that are not measured at fair value on a recurring basis (but fair value disclosures are required) :

| <u>Assets</u> | 2021 | |
|-----------------------------|----------------------|----------------------|
| | Carrying amount | Fair Value |
| | G\$ | G\$ |
| Property and Equipment | 27,983,715 | 27,983,715 |
| Intangible Assets | 907,260 | 907,260 |
| Receivables and Prepayments | 97,429,475 | 97,429,475 |
| Related Parties | 479,738 | 479,738 |
| Properties on Hand | 104,607,725 | 104,607,725 |
| Interest Receivable | 4,336,198 | 4,336,198 |
| Cash Resources | 1,720,598,497 | 1,720,598,497 |
| | 1,956,342,608 | 1,956,342,608 |
| <u>Liabilities</u> | | |
| Customers' Deposits | 8,665,760,773 | 8,665,760,773 |
| Payables and Accruals | 220,280,580 | 220,280,580 |
| | 8,886,041,353 | 8,886,041,353 |

(c) Cash Resources and Other Assets

The carrying value of cash resources and other assets approximate to fair value given their short term nature.

(d) Customers' Deposits

The fair value of deposits with no stated maturity is the amount payable on demand. The fair value of fixed term, interest bearing deposits approximate to carrying amount given their short maturity period.

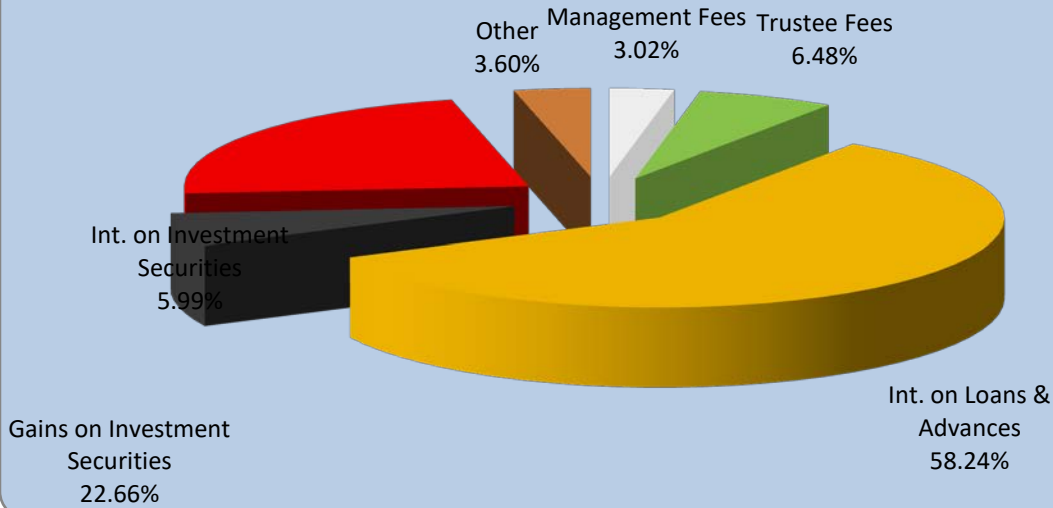

(e) Trade Payables

The carrying value of trade payables approximate to fair value given their short term nature.

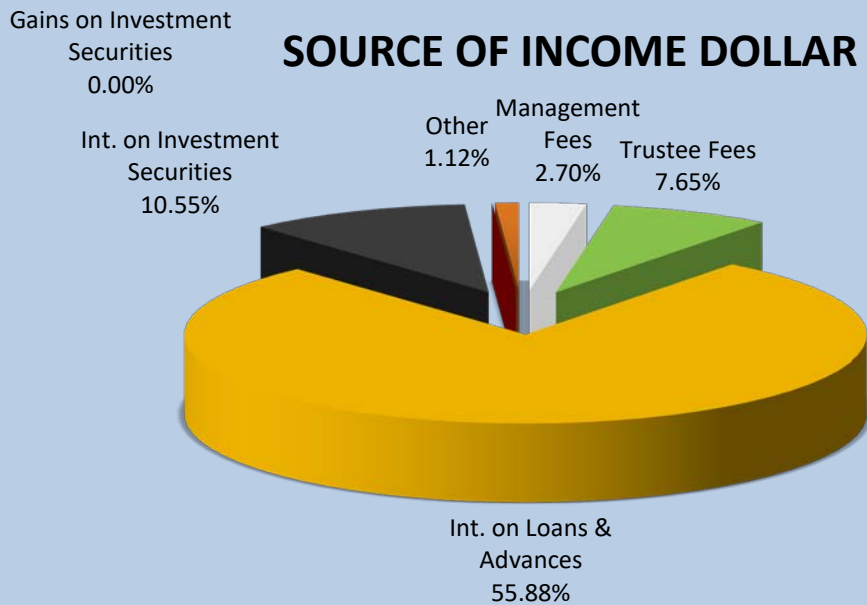

- (f) There were no transfer between levels in the current year.
